

CAMDEN COUNTY FARMERS' MARKET GUIDELINES

- Vouchers must be used only by the person whom they were given. They can not be transferred to another person.
- These checks can be used only at authorized farmers' markets, **NOT** grocery stores. A list of the markets in Camden County is located on the reverse side of this flyer. Look for the large yellow "Farmers' Market Nutrition Program" poster to identify farmer.
- Vouchers are good for locally grown fruits, vegetables, and herbs. They **can not** be used for citrus, tropical fruits, or baked/processed goods.
- Sign the check on the bottom right-side near the X. Do not sign the voucher until you are ready to purchase your produce.
- For questions or concerns in Camden County, please call **856-858-3220**.
- Vouchers are given in \$5.00 increment checks. Seniors do not have to use all checks in one trip, but please redeem all vouchers.
- Select at least \$5.00 worth of produce, since you will not receive cash change for your purchase. All vouchers must be used between the valid dates.
- Lost vouchers will not be replaced. Please keep your vouchers in a safe place until ready to use.
- Due to the growing season, weather, availability of produce, and the farm markets hours of operation, it is advisable to use your vouchers by September 30.
